

Dear Sir/Madam,

Event Notification: Cycle Live, Nottingham– Sunday 26th June 2016

We are writing to inform you about the Cycle Live Nottingham cycle event that will be running in June 2016, organised by Perfect Motion. This event is in its 35th successive year and is being held on 26th June 2016.

Event Summary

Sunday sees riders take on either: 25, 50, 75, 100 or 125 miles through the glorious Nottinghamshire and Leicestershire countryside.

As some of the routes on the 26th June will be passing through your area, we are sending you the route details for your information. Please use the map link below to view the route and the roads that will be used for each of the routes.

<http://www.cyclelivenottingham.co.uk/the-event/the-routes/>

Route signage will be erected and the event will be fully managed and supported with stewards.

All riders are required to comply with normal highway regulations. The roads and locations on or around the route are expected to be more congested than normal and we ask those that are using the highways on the day take extra care and try to keep to a minimum any cars parked on the street. We recognise that this may cause some short-lived inconvenience, but we hope that local residents will also enjoy the spectacle and help support those raising funds for such good causes.

Further details about the event in general or route can be found at the event website www.cyclelivenottingham.co.uk. If you have any queries before the event, please contact Perfect Motion on 01159258777, or email cyclelive@perfectmotion.org.

We'd like to thank you in advance for your understanding and let you know that we appreciate your patience and cooperation.

Yours sincerely,

Christopher Simon
Perfect Motion
