

Older Research Participants Required!

We regularly carry out psychological research investigating abilities such as memory and attention in older adults, so we are seeking healthy volunteers (aged 60 years and over) to join our Trent Ageing Panel.

By joining the panel you would receive invitations from us from time to time to participate in our research at the city campus (near the Theatre Royal). By registering with us, you would be under no obligation to participate and would be free to withdraw from the panel at any time, without giving a reason. We typically provide a £10 shopping voucher for each visit. Please contact Calum Hamilton for further information about registering for the Trent Aging Panel.

Email: Calum.Hamilton@ntu.ac.uk

Telephone: 0115-848-2662

If emailing or leaving your details on answerphone, we require your name, address, telephone number, gender, and date of birth (so that we always know your age!). You can also write to us via FREEPOST: Calum Hamilton, Division of Psychology, School of Social Sciences, Nottingham Trent University, FREEPOST 1826, Burton Street, Nottingham, NG1 4BU
