

Extended Week of the Partnership Plus Areas Survey

We would like to draw your attention to our survey which we have extended for another week focusing on Partnership Plus Areas.

We are promoting the survey on our webpage to try to improve the take up and hit the number of respondents we need, together with contacting our key partners and stakeholders.

Could we ask for your support and promotion in your local areas?

The Survey can be found on the front page of our website:

<http://www.nottinghamshire.pcc.police.uk/Home.aspx>

Partnership Plus Areas Survey

Voice Survey: Have your say about what matters to you for your neighbourhood!

The Police and Crime Commissioner, Paddy Tipping would like your opinion on the policing and community safety services in your neighbourhood.

“I am particularly interested about the issues that affect quality of life in your neighbourhood as well as your opinion on what our priorities should be for policing and community safety.”

Consequently, researchers from the Universities of Nottingham and Birmingham along with a data specialist company (Get The Data) would like you to fill in this survey by clicking this link:

They may also be calling on you by telephone over the next few weeks and ask you to answer this survey by telephone. The Commissioner would greatly appreciate it if you could find time to answer their questions. This will enable us to shape our priorities and ensure you have a voice in that. All responses will be anonymous; you will not be identified in any way.
