

Once again there was a great turnout from the players with around 40 eagerly taking part, including some who have not missed a match since the trophy was introduced, whilst others took part for the very first time; It included players returning home from Australia, Brazil, USA along with a guest from Holland. The match which was refereed by Bob Norris resulted in an exciting 4-2 win for the Radcliffe Select team managed by Chris Norris who reclaimed the trophy after last year's narrow defeat.

The post match hospitality was again provided at the British Legion hall where Paul Harrison (Harry), accepted the trophy on behalf of the Select team which was followed the raffle draw and celebrations that continued throughout the afternoon.

It turned out to be another record fund raising day. Once all the monies have been received we will pass last year's total by raising a record £1,810.00 in aid of the nominated charity – HELP for HEROES.

Our thanks go to James Ryan Thornhill (Rick Bright), FWP Refrigeration & Air Conditioning (Paul Watts), DAR Building Services (Raff), Walter Harrison & Sons (Anthony Draycott), Soal Glass & Glazing (Lee Soal) and Simple Marketing Consultancy (Bev Cook) for jointly providing the sponsorship of the match and to all of those who provided raffle prizes.

Our thanks also go to European Conveyor Systems for printing the programs, Kelly for the Refreshments at the match along with Sandra and Stella for their help with the Raffle; Julia at the British Legion for the after match food and hospitality; Richard Stone for the photo's. All the players and supporters on the day and to those who were unable to be there but made generous donations, along with any others that we have failed to mention.

A group photo is attached along with a list of raffle prize winners, please contact us if you have any of the unclaimed winning tickets.

Wishing everyone a happy New Year.

Regards,
John Watts
