Dear Sir or Madam

**A52 NOTTINGHAM JUNCTIONS IMPROVEMENT SCHEME:
NOTIFICATION OF START OF CONSTRUCTION WORK**

We wrote to you in December advising you of improvement work planned to be carried out at the Nottingham Road and Cropwell Road junctions with the A52.

I am now writing to advise you that construction work will commence on Monday 16 January 2017 at both locations. The work is expected to last approximately 14 weeks.

Description of work

The work to be undertaken as part of this scheme will include the following:

- Carriageway widening
- New or upgraded pedestrian crossing facilities
- Installation of new traffic signals and signs
- Installation of new street lighting
- Upgrading the existing drainage system
- Resurfacing the road and renewing road markings from the railway bridge (on the A52 western side) through to Lees Barn Road (on the eastern side)

In order to minimise disruption to road users and businesses, the majority of the work will be undertaken at night between the hours of 8pm and 6am, and noisier activities will be carried out before 11pm at Cropwell Road Junction.

During construction, both junctions will remain operational. However, temporary restrictions will be required at some times to allow for specific construction activities. At these times, appropriate diversion routes will be clearly signed, providing road users with a safe alternative route to their destination.

Please be assured that we have carefully planned this work to ensure minimal disruption to road users and local residents and businesses.

Bus stops will be moved to be on the approaches to Cropwell Road junction instead of on the exits where vehicles will be accelerating. School buses will remain unaffected and all public bus services will continue to run. Any temporary bus stop closures or diversions will be advertised by the bus companies.

If you have any queries please contact the Highways England Project Manager for the scheme- Khalid Pervez, on 0300 470 3554 or by email at: A52NottinghamJunctions@highwaysengland.co.uk.

Alternatively, you can call the Highways England Customer Contact Centre on 0300 123 5000.

During the construction period, for any questions regarding the work during normal office hours, please contact the Construction Project Manager on 07825 932958. For any problems or queries outside of office hours, whilst work is taking place, please contact the Site Manager, Chris Ellis, on 07969 681259.
