

RADCLIFFE HISTORY AND WILDLIFE INFORMATION BOARDS

The 14 newly installed Village History and Wildlife Information Boards are a part of the Parish Council's Signage Project, which also comprises a village 'cartoon map', finger posts and a village walking trail leaflet. The project, jointly funded by the Parish Council and the County Council's Local Improvement Scheme seeks to inform both residents and visitors about the history and wildlife of our village.

Information and images have come from Marion Caunt and the Radcliffe Local History Society, the Radcliffe Conservation Volunteers and Rosie Collins and the Radcliffe WW1 group. Nigel Cook did the artwork and layout for all the boards and Graham Fowell created the 'cartoon' map of the village. A team of Parish Councillors and the Parish Clerk managed the project.

The 14 Boards are located at appropriate locations around the village.

Local History Boards:

St. Mary's Church and Radcliffe Hall (British Legion) on wall between the two

Main Road (East) by Walker's Yard

The Grange and former Church Rooms at bottom of The Grange's drive

Manor House and Manvers Arms on wall between the two
