Dear Customer

### **A52 Nottingham Junctions night time works**

We are writing to let you know that we will shortly be carrying out some works at the Nottingham Road and Cropwell Road junctions along the A52 in Radcliffe-on-Trent.

The road surface is damaged at these junctions and we will be coming out to repair it for the safety of our customers. We will need to close the road to carry out these works safely.

We recognise the impact closing parts of our network, to carry out works, can have on our customers. In order to minimise disruption as much as possible we will carry out these works overnight when the roads are quieter. At Cropwell Road we need to close one lane eastbound during the day time. The reason for this is drying time for the materials to ensure that the defect is repaired effectively. We are working in collaboration with Vodafone, who also need to carry out works in this area, to help reduce the number of closures needed for different activities and reduce the disruption overall.

We have scheduled these works to take place overnight on 24, 25 and 26 June 2019. Please note that these dates may be subject to change due to unforeseen circumstances, for example poor weather conditions. You can find the latest information on our website, <https://highwaysengland.co.uk/projects/a52-nottingham-junctions/>.

Pedestrians and cyclists will not be affected during the planned works closures and fully signed diversion routes will be in place for road users. The details of the diversions can also be found below. We have also liaised with local bus companies to have planned bus route diversions in place to ensure that disruption is kept to a minimum.
