ESSENTIAL MAINTENANCE WORKS:

A52 Gamston roundabout to Wheatcroft roundabout

Update Bulletin 1 – 29.10.2019

Planned essential lighting maintenance works began on Monday 7th October 2019 on the A52, from the Gamston roundabout to the Wheatcroft roundabout. This work is scheduled for completion by February 2020.

To keep our programme for these works as short as possible, and to minimise disruption to the local community, residents, businesses and road users, we are carrying out work between the hours of **8pm and 6am, Monday to Friday**. All carriageways will remain open as usual outside of our working times, as will the laybys along the A52 which means mobile businesses can continue to trade. However, we will need to close the laybys 24-hours a day, for 5 days from Monday 28th October 2019 to Saturday 2nd November 2019, so we can work safely at the back of them. The laybys will reopen at 6am on Saturday 2nd November 2019.

Please Note: All businesses are open as usual in the surrounding areas while we carry out essential maintenance.

The purpose of our maintenance works is to remove and replace the current street lighting. Once installed, the new LED lighting system will reduce light pollution, energy usage and on-going maintenance requirements.

Since 7th October 2019, the installation of electrical ducting across the carriageway has been completed and work will now begin on the cable network for the section of road. The old lighting columns will be removed and new columns will be installed in different positions along the network. Work to the electrical columns will continue over the next few weeks.

This week our team has started to clear the overhanging vegetation. These works are estimated to be completed by the end of next week.

Maintenance work to the carriageway, which includes resurfacing the road will begin on Monday and will be completed by the end of the week. Following this, work will begin on white line renewal to the road.

With the renewed LED lighting, white lines and re-surfaced carriageway, the A52 between Gamston and Wheatcroft will be safer for road users

Please Note: That all our planned roadworks may be subject to change due to weather conditions or unforeseen circumstances.

I apologise for any disruption our works may cause. Please plan ahead and allow extra time for your journey.
