Rising to the challenge: only one week left to help us to set a budget that meets your needs.

Complete our survey and have your say on how your council's budget is spent before Sunday 12 November.

We want to create a healthy, prosperous, and greener future for everyone who lives in Nottinghamshire. To help us achieve this we need to know your priorities.

Each year, we have a legal duty to balance our budget and just like the people in Nottinghamshire, we're also feeling the pressures that are driving up the cost of living such as increased inflation and energy costs. Many other factors, including a national shortage of social care staff and a need for more funding are also adding to those pressures.

Your views will help us set a budget which rises to this financial challenge and delivers best value, high quality services that will improve the lives of our residents.

[Visit our website](#) to find out more information, and to access the short survey that takes just minutes to complete; before it closes on **Sunday 12 November at 11:59pm.**

Have your say today and help us rise to this challenge.
