For Immediate Release

Date: July 1, 2024

Wharf Lane Recreation Ground to Receive New Play Equipment and Repairs

We are delighted to announce that Wharf Lane Recreation Ground will soon be undergoing significant improvements to its play area. As part of our ongoing commitment to provide high-quality recreational facilities for our community, new play equipment will be installed, and the existing equipment will be repaired.

To ensure the safety of all users during these enhancements, the play area will need to remain closed while the works are carried out. We understand that this may cause temporary inconvenience, but these improvements are essential to creating a safer and more enjoyable environment for our children.

Our team is working diligently to complete the upgrades and repairs promptly. We are pleased to inform residents that, weather permitting, the play area is expected to reopen in time for the summer holidays, providing a refreshed and exciting space for families to enjoy.

The new equipment will provide opportunity for inclusive play.

We appreciate your understanding and patience during this period and look forward to welcoming you back to an improved Wharf Lane Recreation Ground very soon.
